## DETAILED ACTION

1. The Applicants' amendment filed on February 8, 2005 was received. Claims 14-15 and 21-26 are amended. Now, Claims 14-15, 18 and 21-26 are pending.

### *Claim Rejections - 35 USC § 112*

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 14-15, 18 and 21-26 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for the use of the specific aromatic-based groups that covalently attached to specific linking groups as described in page 8, does not reasonably provide enablement for any aromatic group covalently attached to any linking group set forth in the instant claims. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention commensurate in scope with these claims.

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
